Q2 FY2026 Company Town Hall — Summary Notes

Summary notes from the Q2 FY2026 all-hands town hall, held July 8, 2026, hosted by the CEO and leadership team, covering business performance, key initiatives, and an open employee Q&A;

1. Business Update

The CEO shared that both the IT Services division and Manufacturing arm delivered a solid Q2, with IT Services new-logo bookings up double digits and the Manufacturing plant expansion (announced last quarter) on track for a Q4 completion. Full financial detail is available in the Q2 Financial Report on the Finance intranet page.

2. Key Announcements

Topic	Summary	Owner
New Regional Office	Confirmed opening in Q3; see separate announcement	Facilities
Revised WFH Policy	Hybrid policy updated effective next quarter	HR
Manufacturing Expansion	New production line on track for Q4 go-live	Operations
Benefits Enrollment	Annual open enrollment window opens next month	HR

3. Employee Q&A; Highlights

- Q: Will the new hybrid policy affect manufacturing floor staff? A: No — the hybrid policy applies to office-based roles only; shift-based floor roles are unaffected.
- Q: Is there a timeline for the next round of promotions? A: Calibration begins next month, consistent with the standard Performance Review cycle.
- Q: Will the new regional office affect any existing roles? A: No planned relocations; it adds capacity rather than replacing an existing site.

4. Recording

A recording of the full session is available on the Corporate Communications intranet page for employees unable to attend live.
