

TITLE: Data Privacy Policy
ORGANIZATION: Northwind Analytics, Inc.
DEPARTMENT: Compliance
SENSITIVITY: Confidential
VERSION: 1.2
EFFECTIVE_DATE: 2026-01-01

Data Privacy Policy

1. Scope

Applies to all employee handling of customer, employee, and partner personal data, in compliance with applicable data protection regulations (e.g., GDPR, CCPA, and equivalent regional laws).

2. Data Classification

Classification Level	Description
Public	No restriction on disclosure
Internal	For employee use only, not for external distribution
Confidential	Business-sensitive; restricted access
Restricted	Highest sensitivity: SSNs, payment data, health information

3. Data Handling Rules

- Restricted data must never be stored on local devices or personal cloud storage; only approved encrypted systems.
- Data access follows least-privilege: employees may only access personal data necessary for their role.
- Any suspected data breach must be reported to privacy@company.com within 1 hour of discovery (regulatory notification windows can be as short as 72 hours, so speed matters).

4. Data Subject Requests

Requests for data access, correction, or deletion from customers or employees must be routed to Legal within 24 hours and fulfilled within 30 days per regulatory requirements.

5. Training

All employees must complete annual Data Privacy training; new hires must complete it within their first 30 days.

6. Contact
