Employee Referral Program Policy

Northwind Analytics, Inc. values the ability of current employees to help identify strong candidates for open roles across both our IT Services division and Manufacturing operations. This policy outlines eligibility, the referral process, and payout structure.

1. Eligibility

All permanent employees who have completed their probation period (90 days) are eligible to refer candidates, with the exception of employees in Talent Acquisition and Hiring Managers for the specific role being referred into. Referrals of immediate family members must be disclosed to HR at the time of submission.

2. Referral Process

- Submit the candidate via the Referral Portal (referrals.northwindanalytics.internal) before the candidate applies independently or is contacted by a recruiter.
- HR confirms referral eligibility within 3 business days.
- The referring employee is kept informed of major status changes (screened, interviewed, offer stage).

3. Referral Bonus Structure

Role Band	Bonus (IT Services)	Bonus (Manufacturing)	Payout Timing
