

TITLE: IT Maintenance Downtime Notice — ERP System Upgrade

ORGANIZATION: Northwind Analytics, Inc.

DEPARTMENT: IT

SENSITIVITY: Internal

VERSION: 1.0

EFFECTIVE_DATE: 2026-08-01

IT Maintenance Downtime Notice — ERP System Upgrade

This notice informs all employees of scheduled maintenance downtime for the company ERP system (used for procurement, finance, and manufacturing production scheduling).

1. Maintenance Window

Saturday, August 8, 2026, 10:00 PM — Sunday, August 9, 2026, 6:00 AM (local time, all sites). The ERP system, including production scheduling modules used by Manufacturing, will be fully unavailable during this window.

2. What's Affected

- ERP web and mobile access (finance, procurement, HR modules).
- Manufacturing production scheduling and shop-floor terminals connected to the ERP production module.
- Automated purchase order approvals — any pending approvals should be completed before the window begins.

3. What's Not Affected

Corporate email, NovaDrive file storage, and the VPN remain available throughout the maintenance window.

4. Action Required

Manufacturing shift supervisors should print or export the next 24 hours of production schedule before 9:00 PM Saturday as a precaution. No action is required for standard office-based ERP users.

5. Support

For urgent issues during the window, contact the IT On-Call line at extension 5199.
