Announcement — New Regional Office Opening

We're pleased to announce that Northwind Analytics, Inc. will open a new regional office, "Nova House," in Q3 2026, expanding capacity for our growing IT Services delivery teams.

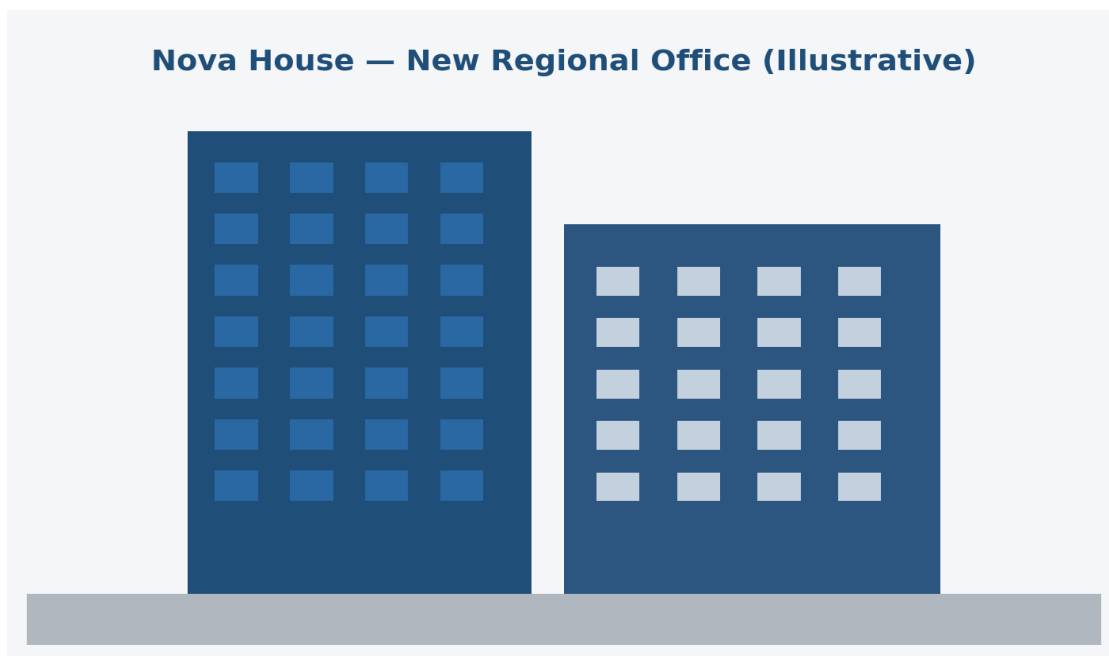

Figure 1: Illustrative rendering of Nova House (final building may differ).

1. Location and Timeline

Nova House will open its doors on September 21, 2026. The office will provide approximately 40,000 sq. ft. of workspace, supporting up to 350 employees across IT Services delivery and supporting corporate functions.

2. Who Will Be Based There

- IT Services delivery teams currently working from the overflow co-working space.
- A newly formed regional Customer Success hub.
- Shared corporate function seats (HR, Finance) for employees in that region.

3. Amenities

Nova House includes a full-floor collaboration space, an on-site cafeteria, and dedicated focus rooms, consistent with our current office design standards.

4. Questions

Employees who may be asked to relocate to Nova House will be contacted individually by their manager by August 15. General questions can be directed to facilities@northwindanalytics.example.com.
