Policy Update Memo — Revised Work From Home / Hybrid Policy

This memo notifies all employees of an update to the Work From Home / Hybrid Work Policy, effective September 1, 2026.

1. What's Changing

- The minimum in-office requirement for hybrid-eligible roles moves from 2 days/week to 3 days/week (Tuesday, Wednesday, and one team-selected day).
- Fully remote arrangements remain available only for roles explicitly designated remote-eligible by their department head, unchanged from current policy.
- This change applies to corporate and IT Services office-based roles only; it does not affect manufacturing floor shift schedules.

2. Why This Change

Leadership heard consistent feedback that cross-team collaboration and mentoring benefit from more consistent in-office overlap. This adjustment aims to balance that with continued flexibility.

3. What You Need to Do

No action is required before September 1. Managers will confirm each team's designated third in-office day by August 15. Questions about how this applies to your specific role should be directed to your manager or HR Business Partner.
